

Listen to your favorite songs on your smartphone, tablet, or computer. A lot of people enjoy the radio; however not everyone has one or can afford to subscribe. With Jazler RadioStar you can listen to 100% of the music that is on top charts with zero advertisements and no limits. There are more than 200 station channels with a playlist that changes every hour; it is compatible with both smartphones and tablets; it supports FLAC files (for high-quality audio); and most importantly - there is no ads! Ease of use, quality of service, privacy - all these factors make Jazler RadioStar an excellent option for those looking for a streaming radio app. The app is licensed under the GNU General Public License v3.

By downloading Jazler RadioStar, users agree to the following terms of use: - Install Jazler RadioStar only on devices that are owned by you. The installation can be performed by clicking "Add" in the main menu. If it is not installed, the user will receive an error message saying that there are no operator permissions. Jazler RadioStar will work with all popular browsers, including Google Chrome, Firefox, Safari and Internet Explorer. - The Jazler RadioStar app can be downloaded from the official website. There are two options: "Free" and "Pro". - The user is free to download the free version of the app without any restrictions (no ads, no limits on plays). This version is sufficient for listening to radio stations. The Jazler RadioStar Pro version is available for purchase for \$7.99, it does not contain any advertisements or limits on plays. - All Jazler players - both standard and Pro - are licensed under the GNU General Public License v3 (GPLv3).
